Carlsbad INNformation

June 2014

Come see us in Carlsbad!

We are excited to roll out another summer season, which means longer days, warmer weather, and lots of fun. The last several months have been very busy with the completion of our bathroom remodel. As you're probably aware, all the bathrooms in the Oak and Elm buildings have been refurbished and look beautiful. We thank you for all your feedback with this project. Your input was so helpful in creating the final design. We hope you love it as much as we do.

Fire Pit Fun

There are more exciting projects in the near future. We are in the planning process for adding an additional fire pit with a goal of completion by mid to late August. We are also getting new furniture for all three fire pits for families to enjoy.

Going up?

We are beginning the permit process to modernize our elevators in both the Oak and Elm Buildings, which are expensive to maintain. The project will take place in the fall, and upon the completion, the interior of the cabs will be refurbished. We will let you know when we have exact dates.

Shaping up the Fitness Center

The planning process has also begun for the complete remodel of the fitness center, locker rooms, and activities center. This exciting project will take place in 2015. More to come!

Out and About

If you are going to be in Carlsbad September 27th or 28th , you might consider stopping by one of my favorite events, The Carlsbad

Art Splash! Art Splash is a free two-day non-profit family event that promotes and benefits the arts and Carlsbad. There are unbelievable chalk art street paintings, exciting live art, meandering performers, and a wide variety of food. The event takes place on Armada Drive just north of our sister property Grand Pacific Palisades Resort, above the flower fields.

Best regards,

Randy Chapin
