August 2014

What a great summer at Carlsbad Inn Beach Resort!

Back to School

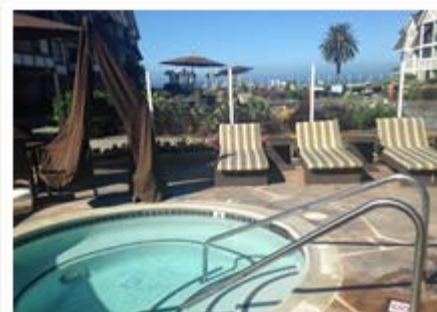

Kids are going back to school earlier each year and this year some Arizona students were back in class as early as August 6th. In the past we saw lots of children (as part of younger families or children traveling with Grandparents) all the way to Labor Day. Now, the resort, and the City of Carlsbad, goes into a quieter period beginning with the second week of August. The end of summer just has a different feel to it. For many of our Owners, late summer has a new appeal of being able to enjoy the summer weather without the typical crowds of Summer. For those that can still get away, I remind you that at Carlsbad Inn we still celebrate the official end of summer with a great party on Labor Day, we will have two bands and a full day of activity; we hope you will find the opportunity to come celebrate with us!

Owners' Meeting

The Annual Owners' Meeting in June was a great success with as large of a turnout as I can remember. Charlie Herf and Sharon McLaughlin were re-elected to the Board of Directors, Resort Management gave a presentation about resort operations, there was a chance to participate in a question and answer session, followed by a raffle give away of several nice prizes.

Following the meeting, everyone went back to the Carlsbad Inn for a catered barbeque on the Green with live entertainment. It was a great time!

Spa Update

We completed a multi-week resurfacing project on our small Spa by the pool area in June. The Spa reopened on June 25th and was back in service in time for the busy summer season.

Associate Recognition

Every month, Carlsbad Inn honor our Associate of the Month. Eugene Magbata was named the Carlsbad Inn Associate of the Month for June. After 26 years in his role here at the resort, Eugene still brings his passion for customer service with him to work everyday. Please congratulate him the next time you see him.

Hope you all had a great summer and I look forward to seeing each of you soon.

Best regards,

Randy Chapin
