

Red Wolf Howl

August 2014

Summertime on the Lake

Summer is in full swing as we continue to make improvements. New carpet is currently being installed in all units and half of the resort now completed. The new sofa sleepers have arrived along with new sitting chairs and reupholstered rocking chairs. This has given the units a great face lift.

We have also increased our curb appeal with fresh exterior paint and new decorative pavers to the maintenance shed areas. The annual flora planting has added to the exterior beauty.

A cool breeze

A final decision has been made for new ceiling fans. The color and look match the knotty pine of the unit's cabinetry and offer more circulation. The team will be installing them in July and August.

A warm (whirlpool) bath

A new heater has been installed at the Jacuzzi® near Unit #15. The new unit is extremely energy efficient and will work for years to come. New pool towels are available for check out at the front desk. They are brighter and thicker and add a little bit of color to the pool area.

Activities to make your vacation even better

New this summer is a magnet painting class. This has been very popular with our Owners and is a terrific way to take home a fun souvenir from your home away from home.

We've also moved the Sangria Social to the afternoon so all Owners

can enjoy a cool, refreshing glass of Kelly's famous Sangria.

The feedback about local Captain Sandy Williamson's tours on her sailboat around Emerald Bay has been super. She also provides a great discount to our Owners and Guests; so welcome aboard!

We're excited about the changes taking place and will keep you posted on with new updates.

See you soon,

Erin O'Brien
