February 2015

Winter Fun

Unfortunately there has been limited natural snow throughout the year. The good news is Northstar California has amazing snow making capabilities. Their terrain park is incredible and fun for all ages. Their village has plenty of activities for all to enjoy: ice skating, fire-pits for smores, shopping and incredible dining. We offer ticket sales at the Front Desk to give you direct access to the mountain.

Mountain biking has been great locally at the lower elevations with

packed trails. You may head up to the higher elevations to Mt. Rose Meadow to use some of the resort's complimentary snow shoes for hiking or sleds to play in the snow.

There's a New Market in Town

If you haven't stopped by the new Tahoe Central Market to meet owner *Bobby Habberger*, you should. The Market boasts seasonal organic meats, cheeses and produce. *Dennis Alexander* takes the credit for the incredible and unique 190 rotating craft beers and ciders. Most wines are sustainable and organic.

Ben Kenny manages their Deli that is packed full of made-to-order sandwiches and they also have their own specialty sandwich of the day to go with their homemade organic soup. All items are available to go or you may enjoy in one of their comfy indoor/outdoor tables (did I forget to mention they are located directly across from Lake Tahoe in Kings Beach?).

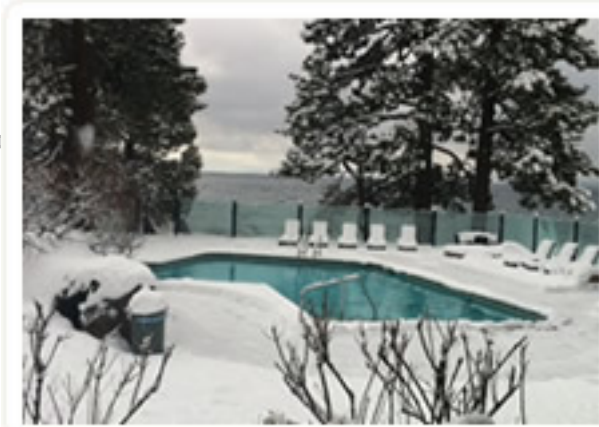

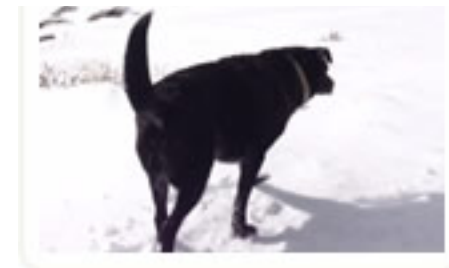

The juice bar is incredible. Juice Bar Manager, *Ellen Tobben*, keeps everyone healthy with her smoothies and juices. It's a great way to start the day or as a treat.

The Market has dried goods, snacks and many other specialty and local items. And you will be supporting them and their local farmers. Stop in soon; you'll be glad you did.

New Looks

Looking into the New Year, a lot of work will be done. The entire parking area will be resurfaced and sealed, the lakeside Jacuzzi will be resurfaced, and the carpet installation will be completed. All will be finished by June. We'll keep you updated on our great improvements.

See you soon,

Erin O'Brien
General Manager
