Villa Views

March 2015

Greetings Villa L'Auberge Owners,

The February Renovation is complete with an all new kitchen, patio door, entry door, LED lighting, exterior paint, and more! We're very

Are you a developer? Try out the [HTML to PDF API](#)

proud of the new enhancements and in raising the expectations for your next visit.

Renovation Update: Kitchen

The Kitchen has been completely remodeled with new cabinets in a contrasting dark wood finish on the bottom and a clean white finish on top. The counter has been replaced with a grey tone and under mount stainless steel sink to complement the all new stainless steel appliances. Additionally, a new cabinet has been added to the opposite side of the refrigerator providing added storage and counter space.

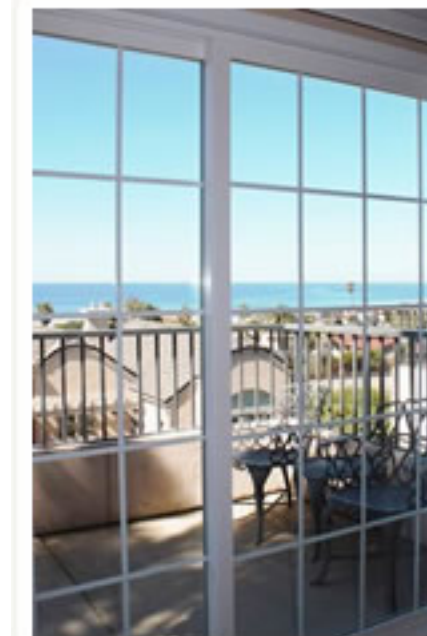

Renovation Update: Patio Door

The French door leading to the patio was replaced with a double pane, French styled sliding glass door. Without the heavy wood paneling, large slats, and door frames, the fabulous Del Mar view is increased by an estimated 30%, making the location that much more breathtaking. The slider feature also has the added benefit of increasing usable room space with an enlarged opening to the patio and fresh ocean air.

Additional Features:

LED retrofit lighting was provided and installed at no cost to the HOA! The increased dependability and reduced energy consumption will only add to increased savings over time. All these great features await your next visit, but the first feature you'll notice upon arrival is the new entry door with key card entry. The new door lock is an elegant and safe design with an automatic deadbolt and a clean finish.

We look forward to your next stay and hearing your feedback on these latest updates to Villa L'Auberge!

Kind Regards,

Dan Zwack
Operations Manager
