

ALOHA!

A Message from your Board of Directors:

We hope 2016 is off to a good start for you and your family. We're looking forward to another wonderful year at the resort and would like to quickly remind you of a few benefits that come with ownership. [Read more about your benefits.](#)

Hauoli Makahiki Hou!(Happy New Year)

Can you believe that 2016 is already here? Over the last quarter, additional plants have been added throughout the resort bringing more color to beautify the grounds. Another recycle center is in place between the 600 and 700 buildings trash receptacle area. The other center is located close to the office.

New commercial washer and dryers were purchased for Housekeeping which are more energy efficient and will help lower laundry expenses. Retaining walls were added in the 200 parking area to prevent further erosion of the hillside dirt. Sidewalk repairs from the 200 through 400 cottage areas were also completed. These repairs consisted of removing cracked or uneven sidewalks and pouring new concrete. Over the next month, sidewalk repairs between the 400 and 500 cottage areas will be completed.

Complete deck replacements were done for cottages 301 and 503. Also, repairs/replacements of rotted deck boards and railings continue to be a focus area. We are also looking forward to the installation of new electronic door locks for all condos and cottage units next month.
